Agreement for supervision of Empirical Paper

* To be handed to the WISP office *

By signing this form, supervisor and student agree to cooperate to conduct a study that will be described in the Empirical Paper.

For an effective cooperation You should have compatible expectations and agree on the way of Your cooperation. In particular, it is important You discuss and agree on at least the following issues:

- Frequency of meetings
- Form of communicating
- What deadlines are there?
- What degree of freedom with choosing a topic do you provide/ expect?
- How much assistance with suggesting literature and theory do you provide/ expect?
- How much of assistance with statistical analysis do you provide/ expect?
- What is the amount and level of detail of feedback on writing you provide/ expect?

After the first semester an opportunity must be created to evaluate the cooperation.

Indicate your agreement by marking the boxes and signing below

Supervisor		Student
☐	We subscribe to the general mutual expectations listed in the appendix	☐
☐	At the start we will explicitly discuss and agree on the topics listed above	☐
☐	We will agree on clearly formulated requirements for the first semester	☐
☐	We will have an evaluation meeting at the end of the first semester	☐

date	date

Hand in only this page to the WISP office, the appendices are to be kept by supervisor and student

Appendix to the agreement for supervision of Empirical Paper

- Supervisor's copy -

The following mutual expectations are general and are a minimum.

Expectations on behalf of the student:

- The supervisor is available for regular meetings, at least once a month.
- Emails are read and responded to or discussed within a reasonable amount of time.
- To receive feedback and guidance with regard to theory, data analysis and writing.

Expectations on behalf of the supervisor:

- The student comes prepared to meetings.
- The student is able to work independently and proactively in between meetings with regard to searching a topic and literature, writing, etc.; the role of the supervisor is to direct the student.
- Student will receive assistance with selecting the appropriate statistical analysis, but will be able to carry out the analysis (partly) independently.
- Student will implement oral and written feedback, and will record oral conversations if necessary to remember the feedback later on.

Please discuss / agree on the topics listed below

- Frequency of meetings: (monthly / every two weeks / weekly)
- Form of communication: (during meetings / email / Facebook / phone / other_____)
- What is the level of the student's statistical skills, and how does this impact the need for assistance later on, or how should this be taken into account when deciding on the study design?
- What to do in case of lack of responsiveness of either side or in case of not showing up on a meeting?
- What are the deadlines for:
  - Research plan
  - Data collection
  - Sections/ draft of the paper
  - other
- What work needs to have been completed for a passing grade after the first semester?
- After the first semester, what is the date of evaluation of the cooperation?
